We use freshly-ground, top quality Italian Illy coffee beans in our espresso. Different styles of coffee are based on one strong "shot" of espresso. For more of a kick ask for a double shot at the higher price. An americano is a diluted espresso, similar to traditional black filter coffee. We use a milder Colombian blend from Brodies of Edinburgh in our cafetières. Please ask if you would prefer sweeteners to sugar.

Please see the wine and bar lists for our complete range of drinks.
